Dear Mr. Wynnyckyj:

I am writing to recognize Lava Computer's accomplishment in being a finalist for the Canadian Manufacturers & Exporters' Business Takes Action Innovator Award, which is presented to an employer champion of the employment of people with disabilities.

The effort that Lava Computer has made to make its workplace an accessible and welcoming environment for people with disabilities demonstrates your company's commitment to tapping into the talent and potential of workers from this population. This is leadership in action and, as you know, action speaks louder than words.

Please accept my appreciation to Lava Computer's for being a champion in removing barriers to employment opportunities for people with disabilities.

Sincerely,
